

Sohn's™ Dilators

for Standardized Anal Dilatation

Autoclavable

Catalog No. SOD-03

- **Standardized Anal Dilatation is a superior treatment for anal fissure, with fewer complications and a significantly reduced rate of incontinence compared to lateral internal sphincterotomy.**
- **Success rates with Standardized Anal Dilatation are 83% to 94%.**
- **Sohn's Dilators are simpler and more economical than pneumatic balloons.**
